THE NEW ADMINISTRATION.

The new city officials elected by the neone last November assumed charge of their offices yesterday at noon. For the next two years the American party is to have full control of all departments of the city government. That party and its representatives will be can be no division of responsibility. By the acts of its officials the American rarry is to be judged.

The American ticket with all the force It could bring to bear, but its opposi-Mon ceased the moment the result was made known. We believe it is the duty of all good citizens to abide cheerfully by election results, whether those rewe believed, and we still believe, that the defeat of Richard P. Morris and the Democratic ticket was a mistake, but time alone can prove the In everything that Mayor Thompson

for the advancement of Salt Lake's best interests he will have the hearty support of The Herald. We do not think the mayor's worst enemy will the seek him with being a dishonest man. During the four years that he served the city as mayor there was no charge of self-interest in anything he did. It was charged, and with excellent reasons, that he was incompetent. The mayor's friends in reply said that he could accomplish nothing because a council majority was hostile to him.

They will have no such excuse to offer in this administration. A major ... ity of the council is of the same political and religious belief as the mayor. count for anything, will agree with the mayor in all important particulars. His policies, if he has any, will be carried out; his appointees will be confirmed: he will, in short, be permitted to run the city government exactly as he

The Herald hopes for the best. It hopes that the claims made for Mayor Thompson during the campaign will be Justified by the results he arrives at. If This comes about, The Herald will gladly acknowledge that it did not estimate Mayor Thompson's capacity highly mough.

### REAL ESTATE VALUES.

With a view to ascertaining the , values of local real estate as compared with real estate in other cities, one of the local dealers has secured figures from Omaha, Denver, Los Angeles, Detroit, Buffalo, Kansas City and Min-\$379,000 for Buffalo.

Values vary considerably, it was In wholesale property the best in Kan- age being 54. sas City, 250,000 population, is selling at \$400 per foot, in Denver at \$300, in

impressive to the thoughtful observer. If Salt Lakers who ask high prices are asking only fair prices for their real that A: T! Davis, president of the are asking only fair prices for their real estate, then it would seem that the holders in other cities are asking far too little. Property of any character is worth exactly what it can be sold for, no more, no less. We hope the people here can get the prices they want. They are welcome to all they gan get. It may be suggested, how- plonship at the same time, but he ever, in passing, that plenty of bargains seems to be working the twin troubles

In comparatively few instances are In comparatively few instances are the prices asked higher than the conditions warrant. And the safest thing that anybody can put money in, the knows about horses, we'd be a lot more than the conditions warrant. ditions warrant. And the safest thing that anybody can put money in, the surest returns, either in rentals or in appreciation of values, is Salt Lake City real estate. Of that there can be considered the constant of the co

BANK LOANS.

The failure of the John R. Walsh

itors as though they were their own. It must be said at the outset that it was announced as soon as the news of the failure was given out, that all depospositors lose nothing. Had the other Chicago banks not come to the rescue of the Walsh institutions, however, the depositors at the compositions of the Walsh institutions, however, the studio, 445 South Main compositions at the compositions of the compositions at the compositions at the compositions at the composition of the walsh institutions, however, the studio, 445 South Main compositions at the composition of the compositi

ure are interesting because they throw sical programme. a needed light on some financial affairs. Sposcribers wishing address of paper changed must give former as well as present address.

All papers are continued until explicit order is received to discontinue. All arpears, had borrowed something like dance at the post in honor of Mrs. This is more than 50 per cent of the ceded by a number of dinners both in total deposits in the three institutions. When it is remembered that money was also loaned to people not directly dies' Literary club will meet this morn-concerned with the Walsh enterprises ing at the club house at 10 o'clock. concerned with the Walsh enterprises it will be seen that only a small percentage of the deposits could actually have been on hand.

The fact that a bank has on hand less than 50 per cent of its deposits does means. To make money banks must use the money of their depositors. This use the money of their depositors. This programme already published the is a generally understood fact. There Beethoven symphony No. 3 will be deposits if they could not be loaned out practice of loaning dangerously large the symphony. sums to individuals or firms that ob-

The Walsh failure is not the first instance of the danger of this practice. being one of the hostesses. There was the Devlin failure in Kansas, brought about because the banks responsible to the people for, as there in which Devlin was interested had is no division of authority, so there loaned too heavily to him and his enterprises. The Singerly bank in Philadelphia went down for the same reason. The Herald opposed the election of How far does the practice extend?

We only know there is such a practice when we hear of the failures. The laws regarding the loaning of the money of banks to bank officers should be more strictly enforced.

### OUR COPPER PRODUCTION.

The copper production of the United States, as set forth by Horace J. Steinteresting reading, especially in Utah. Mr. Stevens shows that the United graduate of one of the eastern colleges. States produces considerably more than half the copper of the world. In the ist of states that yield the red metal Utah stands fourth with 60,000,000 pounds for 1905. Ahead of this state afe Montana, Arizona and Michigan. If our present rate of increase is mainained it will not be many years before Utah stands at the head of the list. In 1905 great strides were made here

in the production of copper. From a place down on the list of values, copper took front rank last year, both in and Mrs. T. R. Black. values and in pounds. The indications are that the rate of increase will be maintained this year. Indeed, it is Fifth East street. This majority if ante-election pledges certain that a great increase will be made. The new smelters under construction near Garfield are so far under Miss M. R. King's studio for practice
